REPORT OF SUPERINTENDENT

To the School Board and Citizens of Eaton:

The condition of the school is excellent and the teacher, Miss Annie Campbell, is deserving of credit for her industry and professional spirit. There were twenty-three pupils registered in January.

The general statistics for last year show a registration of 25 pupils, and attendance record of 94 per cent., 55 cases of tardiness and sixteen visits by the superintendent.

The medical inspection was made by Harriet M. Curren, R. N., and the report for the year ending June, 1936, shows these defects: Vision, 5; Hearing, 4; Teeth, 10; Diseased Tonsils, 10; Breathing, 1; Enlarged Glands, 5; Speech and Other Defects, 2. This is not a good showing and indicates that many children are physically below par and handicapped in school work.

Three pupils are attending high school at Conway. They are Sam Head, Vera Nelson and Beulah White.

This is a small number and indicates that some children in Eaton find that the difficulties in the way of a high school education are too great. An increasing number of school districts are providing high school transportation.

It is desirable to consider the possibility of combining some of the existing transportation routes. Further, all

children should be transported only in closed and heated cars.

The budget has been figured as exactly as is possible for a fiscal year that ends a year from June 30, next. The amount of state aid money to be paid next December is \$1,531.02. The amount to be raised exclusive of the Eaton Center transportation is \$1,704.47.

The new equalized valuation for the town for 1937 and 1938 is \$240,259.

JOHN H. FULLER,
Superintendent.

North Conway, N. H., February 22, 1937.
